

IVECO

Drive the road of change

Born and built **around you.**

IVECO T-WAY

Discover what's new in your IVECO T-WAY!

**XCURSOR 13
TOP POWER UP TO 540 hp**

**NEW DRIVELINE AND
FEATURES FOR CONVERSIONS**

**OUTSTANDING DRIVER
ASSISTANCE SYSTEMS**

**A WORLD FULL
OF CONNECTED SERVICES**

Built for your needs.

PROFITABILITY AND SUSTAINABILITY

Top power 540 hp, improvement in fuel consumption and reduced CO₂ emissions thanks to the new powertrain, vehicle controls and improved aerodynamics.

NEW DIGITAL COCKPIT

Digital driver cockpit including new TFT instruments, new infotainment and mirrorless camera. New steering wheel and controls ensure comfort and safety for the driver in every operation.

ASSISTED DRIVE AND GSR

New Highway Assist, Adaptive Cruise Control with Stop&Go and GSR functionalities.

DRIVELINE AND CONVERSIONS

New Power Take Off for AWD and Bobby Builder facilitation with new wiring and switch preparations.

IVECO SERVICES SOLUTIONS

Mobility Solutions tailored to your needs. Better productivity and uptime with enhanced remote controls and connected services.

Exterior style.

Stylish in all environments.

The external appearance of the IVECO T-Way combines a rugged style with functionality. Headlamps with LED daytime running lights as standard, LED headlamps available, radar for ADAS functions, steps and grab handles to access the windscreen and side air deflectors designed to keep the door and mirrors clear even in adverse weather conditions. The steel front bumper is ideal for the off-road environment.

Driveline and Conversions.

Transfer case PTO: now available on AWD in combination with automated gearbox. New pre-equipment to facilitate Body Builder installations with electric/electronic interfaces (push switches in the upper shelf and the dashboard, pre-installed wirings from cab to chassis and from BB connectors to windscreen header panel, dedicated slots for rocker switches in the dashboard).

Interior comfort.

Driver comfort and ease of use are the hallmarks for the IVECO T-Way cab. The new dash panel with the 10 inch instrument cluster and the 10 inch central display screen incorporating DAB radio provide the driver with all the information they need. The new steering wheel and steering column controls ensure that all is within fingertip reach of the driver.

A new interior design

Superior onboard living thanks to the new steering wheel, new full TFT instrument cluster and infotainment, mirrorless camera and electric parking brake. Car like feeling with steering wheel diameter reduced to 450 mm.

The driver and passenger's comfort is guaranteed by a choice of seats all with full backrest. Choose from vinyl or fabric, heated, air suspension, lumbar support and even seat belt colour.

Everything in its place

Compartments for storing objects and documents, both inside and under the cab. 2 USB connections are available as standard on the dashpanel. Cup and bottle holders.

Advanced Driver Assistance Systems (ADAS).

When technology takes care of your safety and that of other road users to give you a calm, stress-free driving experience. Level 2 ADAS systems support the driver to be more comfortable and safer.

HIGHWAY ASSIST

Actively supports the driver in keeping just the centre of the lane. It uses the Front Camera, Active Steering and the Capacitive Hands-off Detection. Can be automatically activated by the Adaptive Cruise Control.

ADAPTIVE CRUISE CONTROL WITH STOP&GO

Actively supports the driver in keeping fixed speed together with a safe distance to the vehicle in front. It modulates engine and braking power according to traffic conditions. It can follow vehicles in a queue with auto-restart after up to a 3 second stop.

Outstanding driver assistance.

The latest European General Safety regulations have brought to IVECO T-Way new features for Advanced Driver Assistance Systems and protection of other road users.

ALC (Alcohol Interlock)

Is an alcohol interlock standardised interface for the fitment of compatible aftermarket or OEM alcohol interlock devices.

ESS (Emergency Stop Signal)

Warns the road users behind the vehicle via hazard lights, when braking heavily.

BSIS (Blind Spot Info System)

Detects road users moving at 5-20 km/h speed in the nearside blind spot zone, providing visual and acoustic warnings.

MOIS (Moving Off Info System)

Detects nearby road users in the front blind spot zone, providing visual and acoustic warnings.

REV (Reversing Detection)

Provides a clear view of road users and obstacles behind the vehicle when reversing, thanks to a camera placed in the rear crossmember.

DDAW (Driver Drowsiness Attention Warning)

Monitors the driver alertness and provide a warning when he is drowsy.

ISA (Intelligent Speed Assist)

Aids the driver in observing the road speed limit, providing visual and acoustic feedback.

AEBS (Advanced Emergency Breaking System)

Now available on steel bumper, recognizes a potential front collision, warning the driver and slowing down the vehicle as much as possible. Guaranteed full braking from 80 to 0 km/h.

LDWS (Lane Departure Warning System)

Warns the inattentive driver of the departure of the vehicle from the lane when turn indicators are not activated.

High-efficiency engines.

New XCursor 13 diesel brings state-of-the-art powerline technologies such as Dual Flow Turbine Volute for Downsampling, Higher fuel injection pressure (2.500 bar), New lighter cylinder block, crankshaft and camshaft, Smart auxiliaries and Friction reductions. Top Engine rating produces up to 540 hp and 2.500 Nm of torque, perfect for heavy-duty missions that require maximum performance. Engine weight has been reduced by 10%, while durability standard is now up to 1,6 million kilometres, 33% greater than its predecessor. The new High Performance Engine Brake is the best in the market, capable to substitute the Intarder in most missions.

Maintenance & Repair.

You can protect the value and performance of your vehicle, and your business productivity with a Maintenance & Repair offer.

Our maintenance and repair contracts plans will maximize your vehicle's availability and you can rely on our skilled workforce and guaranteed high-quality IVECO Genuine Parts.

Combine the M&R elements to build a contract tailored to your needs:

MAINTENANCE

Maintenance and lubricants, oils and fluid changes according to the Maintenance Plan as described in the customer handbook.

DRIVELINE

Covers engine, fuel injection, gearbox, transmission propeller shaft and axle repairs.

NEW

DRIVELINE PLUS

Provides an intermediate level of protection, adding to the DRIVELINE contract repairs to exhaust system, starter and alternator; other gearbox components, electricals and PTO Multipower.

WEAR

Covers clutch, brake pads, brake discs, brake drums or brake linings for drum brakes.

FULL REPAIR

Raises further the level of cover extending the DRIVELINE PLUS contract with repairs to the braking system (excluding wear components), clutch cylinder, suspension, heater, air conditioning, air compressor.

Additional coverage.

You can further customize your cover with additional options:

ANS 24-Hour assistance

Roadside assistance service for repairs covered by the warranty.

Towing service

Tow truck service conveying to the nearest repair point for repairs covered by the warranty (tow truck not included).

Auxiliary batteries

Repair and/or replacement of batteries, including ANS 24-Hour callout where covered under the maintenance agreement.

Oil top up

Engine oil filling limited to 2 litres per 3.000 km.

Light bulbs

Replacement of faulty lamps.

Wiper blades

Replacement of windscreen wiper blades once a year.

Choose and combine to fulfill your requirements:

IVECO Services Solutions.

The complete development of state-of-the-art vehicles is important to provide our customers with Mobility Solutions that best meet their needs. At IVECO, our goal is to improve the productivity and profitability of our customers' businesses. We do this by maximising vehicle uptime and efficiency, driver safety and environmental protection.

Uptime

IVECO Uptime Services are designed to maximize your vehicle's uptime by avoiding unplanned stoppages through real-time vehicle monitoring, remote diagnostics and maintenance and repair schedules.

Productivity & Efficiency

IVECO helps you reduce fuel consumption, optimise routes and improve your drivers' driving style through vehicle performance reporting and analysis, for a more productive and efficient business with lower running costs.

Driver Care and Safety & Security

Improves comfort and safety levels to make the driving experience easier and more enjoyable. Driver Care services are meant to assist you throughout your journey, making your experience behind the wheel easier and more comfortable. Safety & Security services are designed to promote a safer driving style, monitor the drivers' performance and increase on-road safety.

Parts & Accessories

Our extensive offer of high-quality parts and services enables you to customize your vehicle and enhance your life on board.

Service bundles.

All vehicles come with the connectivity box installed, allowing you to activate the Start Pack Standard and combine it with a choice of Premium Mobility Solutions tailored to your business goals (terms and conditions apply).

Standard

Start Pack

A set of services aimed to simplify your life on board:

- **IVECO ON Access** for you to monitor your fleet data so to optimize performance and efficiency.
- **Uptime Monitoring & Management** to maximize your fleet availability.
- The new **Easy Way App** to make your life as a driver easier.

Premium

Productivity Basic Pack

You can boost your productivity by extending the Start Pack with:

Assistance Non-Stop

IVECO Assistance Non-Stop is just a phone call away 24 hours a day, 7 days a week to keep your IVECO T-Way and your business running.

IVECO Non-Stop is the original IVECO smartphone application that you can use to communicate with IVECO if your vehicle breaks down. Just insert your vehicle information (VIN and registration plate) and with a simple push of a button you can send a request for assistance to the IVECO Customer Uptime Center. We will take care of your request, activate the nearest workshop and follow up on the vehicle's repair. Through the app you can receive updates on the progress of your vehicle's assistance.

Genuine Parts

HIGH PERFORMANCE

IVECO Genuine Parts will keep your IVECO T-Way performing at its best during its long years at your service – and cost-efficiently. With these parts, you will enjoy the peace of mind of knowing they have been rigorously tested for safety, consistency and reliability, and come with a one-year warranty.
